PROFESSIONAL SUMMARY

Software Engineer with nearly 4 years of hands-on experience building, testing, and deploying end-to-end (E2E) web applications. Specialized in the JavaScript/TypeScript ecosystem (React, Node.js, Express) and relational databases (PostgreSQL, MySQL, SQLite), with solid foundations in Java and RESTful architecture. Proven experience delivering production-ready systems for real clients, leading Scrum workflows, configuring CI/CD pipelines, and applying Software Quality Assurance (ISTQB) methodologies. Bilingual: Native Spanish, English (B2 - Upper Intermediate).

TECHNICAL STACK

- **Quality Assurance & DevOps:** ISTQB Testing Methodology, Vitest, SonarQube, CI/CD (GitHub Actions, Railway), Git/GitHub, Netlify, Vercel.
- **Databases & Data:** SQL, PostgreSQL, MySQL, SQLite, Supabase, Drizzle ORM, JDBC, Python.
- **Frontend:** React, TypeScript, JavaScript (ES6+), Tailwind CSS, shadcn/ui, HTML5/CSS3, Vite.
- **Backend:** Node.js, Express, Java (Servlets/JSP), RESTful APIs, Authentication (bcrypt, JWT), Zod.
- **Hardware & IT Support:** Network Routing (Routers/LAN), System Troubleshooting, Hardware Maintenance.

FEATURED PROJECTS & EXPERIENCE

Helios – Polyclinic Network Medical Appointment System

Scrum Master / DevOps Engineer | Architecture & QA Project (UTP)

- Stack: React, TypeScript, Supabase, PostgreSQL, Vitest, Railway.
- Led a team of 5 developers under the Scrum framework, facilitating dailies, sprint planning, and reviews to maintain continuous delivery.
- Designed and maintained the CI/CD pipeline on Railway, automating unit and integration testing with Vitest to ensure zero regressions per commit.
- Formulated the QA testing strategy based on ISTQB standards, ensuring full test traceability across all functional modules.

La Casa de Mandi – Order Management & E-Commerce Platform

Sole Full Stack Developer | Real Client (Artisanal Bakery)

- Stack: Java, Servlets/JSP, Apache Tomcat, MySQL, JDBC.

- Digitized and automated core business operations previously handled via WhatsApp and Excel, reducing order processing time and payment validatio.
- Designed the relational database architecture in MySQL and built the Java backend for inventory management and daily production capacity control.
- Built an administrative dashboard to verify payment receipts (Yappy) and track real-time production workflows.

Villas Doña Olga – Commercial Real Estate Platform

Sole Full Stack Developer | Real Client (Real Estate)

- Stack: React, TypeScript, Vite, Tailwind CSS, shadcn/ui, Netlify.
- Developed a responsive web platform for marketing 50+ residential lots with real-time availability status updates.
- Integrated direct buyer communication channels (WhatsApp API / Email automation) to streamline lead capture.
- Configured continuous deployment (CD) on Netlify, optimizing load performance and enabling rapid UI/UX iterations.

IT Support & Hardware Technician

Independent / Technical Services (2 Years)

- Diagnosed and repaired hardware/software issues across laptops, workstations, and printers, optimizing overall hardware performance.
- Configured and managed network devices (routers, switches), setting up routing rules, network security, and troubleshooting connectivity.

HorariosWeb – University Schedule Generator Motor

Full Stack Developer | Open Source Tool (UTP)

- Stack: JavaScript, OCR Engine, PDF Parser, LocalStorage, GitHub Pages.
- Designed a client-side tool processing PDFs and images via fault-tolerant OCR to generate non-overlapping course combinations.
- Ensured 100% data privacy by executing all computations locally in the browser (Serverless/Zero-Backend), eliminating infrastructure costs.

EDUCATION

- **Bachelor's Degree in Software Engineering** | Universidad Tecnológica de Panamá (UTP) *(2023 - Present)*
- **Associate Degree in IT for Business Management** | Universidad Tecnológica de Panamá (UTP) *(Graduated)*

CERTIFICATIONS & LANGUAGES

- **Generative AI Application Development in Azure** - Microsoft Learn (2026)
- **Languages:** English (B2 - Professional Working Proficiency) | Spanish (Native)
